Tony,

I would like to take a minute to thank you for the tremendous job you did yesterday in Manhattan for my client. You really know how to impress with your great tasting menu. With cost constraints always in the back of my mind, it is comforting to know that I can always depend on you to provide me with a great spread at a reasonable price; always staying within my guidelines.

Thanks Tony!

Mr. Luparello,

Please thank your entire staff for a fantastic job on Saturday night. Our fall dance was a hit, and we have you to thank. The food was perfect and your wait staff took care of everything. I must have given your name out to 20 different people who asked me "where did you get this food?"

Everyone had a great time and the food was by far the best we've ever had.

Firematically,

Mr. Luparello,

I just wanted to take this opportunity to let you know the services you provided at Long Beach Hospital this week were fantastic! I have been in the industry a long time and have never heard so many people compliment the food! For calling you last minute and barely giving you any notice, you guys sure know how to wow them.

I will tell all my colleagues about “my little secret.”

Please thank your staff for a job well done.

Sincerely,
